Statement from the YWCA NWT Board of Directors:
Leadership Transition and Looking Ahead

The Board of Directors of YWCA NWT would like to provide an update to our members, funding partners, community organizations, and the public regarding recent leadership changes.

YWCA NWT has recently undergone a change in executive leadership. Don Babey has been appointed Acting Executive Director to support the organization during this transition.

The Board of Directors is working diligently to support the organization through this transition and ensure that YWCA NWT continues to be a strong and trusted organization serving women, children, and families across the Northwest Territories.

The Board remains committed to transparency, accountability, and responsible governance while respecting the confidentiality of personnel matters.

We are grateful for the dedication of our employees, volunteers, community partners, and supporters who contribute to the important work of YWCA NWT every day.

Our focus is on ensuring that YWCA NWT remains a relevant, trusted, and important contributor to a better future for our clients, employees, and all Northerners.

We thank our members, partners, and the broader community for their patience, understanding, and continued support as we move forward.

Board of Directors
